

SDG -1 No Poverty

To end poverty in all its forms everywhere is the mission statement for Sdg1.. Eradicating extreme poverty for all people everywhere by 2030 is a pivotal goal of the 2030 Agenda for Sustainable Development.

Poverty has many dimensions. It's causes include unemployment, social exclusion, and high vulnerability of certain populations to disasters, diseases and other phenomena which prevent them from being productive.

KLE Academy of Higher Education and Research, being a Health Science University, is trying its level best to minimize or eradicate physical and mental ailments of people and community. Out of the pocket expenses for health is one of the most important reasons for people pushed into poverty in India.

Our university by providing subsidized and free treatment for many patients at our different hospitals in northern Karnataka and Maharashtra that has taken a step of not pushing vulnerable population into poverty.

The quaternary care hospital of the University has been providing all health care facilities from routine to quaternary. Hospital also caters to many Govt and Non Govt Health care Schemes . it **is recognized** by Government of Karnataka for schemes like Balasanjeevini, Suvarna Arogya Chaitanya, Vajapayee Arogyashree, Yashaswini Health Insurance Scheme, District Blindness project, Danta Bhagya Yojana, Ayushman Bharat, etc .where thousands of patients are being benefitted. Similarly,

The hospital has subsidiary health care centres at Ankola, Chikodi,Gokak, and Jamkhandi. In its endeavor to deliver quality healthcare to all sections of society, the hospital continues to set excellent standards and ensures that the KLES Dr Prabhakar Kore Hospital& MRC remains a role model that symbolizes the highest levels of healthcare at par with the best in the country

KAHER reaches out to the community through activities like Family Health Care, Health surveys, nutritional assessments, Health Check-up and specialty camps, Medical aids during epidemics and natural calamities.

Through its constituent colleges it also conducts educative programs for Anganwadi workers, adolescent girls, antenatal mothers, sex-workers, Geriatrics, parents of under-five children etc.

Public awareness programs like rallies, street-plays and roleplays are conducted collaboratively by all departments. KAHER has a network of Rural Health Centers, Urban Health Centre, Rural secondary hospitals, and a Rural Centre which provide many opportunities for community-based training.

Thus University is doing its part by reducing / preventing the illness of people that will aid in reducing their poverty and help in achieving sustainable Development Goal 1 by 2030.
